IT security training mandatory for Marshall team members

Marshall team members, civil service and contractor, are required to take either "Basic IT Security for 2004" or "IT Security for Managers 2004." To complete the training, go to https://solar.msfc.nasa.gov/solar/deliver/public/html/newindex.htm. Training must be completed by Nov. 14.

Travel Manager outage set for Saturday, Sunday. See 'Inside Marshall'

Marshall Exchange Council nominations due Nov. 14

Flu shot vaccine depleted at Marshall Medical Center

The Marshall Medical Center has administered all of its allotted flu shot vaccine for the year. Marshall team members who would like a vaccine should make arrangements with their personal physicians. To see a list of places in the Huntsville area that still have free flu vaccinations, see "Inside Marshall."

Additional volumes of CAIB report available

Volumes I-VI of the Columbia Accident Investigation Board report are available on the NASA Web site at www.nasa.gov. These volumes contain appendices and additional information, which provide supporting documentation for the main text of Vol. I of the report. Hard copies of Volumes I-VI and can be ordered at www.gpo.gov.

November is American Indian Heritage Month
